☒ Assign myself the Storage Blob Data Contributor role on the Data Lake Storage Gen2 account to interactively query it in the workspace.

We will automatically grant the workspace identity data access to the specified Data Lake Storage Gen2 account, using the **Storage Blob Data Contributor** role. To enable other users to use this storage account after you create your workspace, perform these tasks:

- Assign other users to the **Contributor** role on workspace
- Assign other users the appropriate **Synapse RBAC roles** using Synapse Studio
- Assign yourself and other users to the **Storage Blob Data Contributor** role on the storage account
